

AWARDS

REGULAR AWARDS

A certificate of merit will be awarded to each exhibitor at his or her exhibit.

Regular awards consist of a 1st, 2nd, 3rd place, or Honorable Mentions in each of the 22 senior categories as well as 1st, 2nd, 3rd place or Honorable Mentions in each of the 22 junior categories. Not all places may be awarded each year.

SPECIAL AWARDS

Special Awards are presented by many local, regional, and national organizations. These awards often include certificates, cash, plaques, books, subscriptions, medallions, savings bonds, trophies, T-shirts, etc. Special Award judges may or may not use a similar scoring method as the regular judges since the nature and purpose of special awards varies from organization to organization. Students may or may not be interviewed, depending on each individual organization.

THE BRYCE C. BROWN AWARD

Each year, in honor of Dr. Bryce C. Brown, the CTSEF founder and first director, an award is given to the most promising young scientist regardless of age or category. Only ONE STUDENT FROM EACH SCHOOL is eligible to qualify for this award. Nominees must be recommended by their school science teacher after demonstrating their proficiency and interest in the scientific method.

This award is one of the most prestigious offered by the CTSEF. Nominees demonstrate both a continuing interest in science or engineering, and intent to pursue a science-related career. The Bryce C. Brown Award will not be awarded more than once to the same student.
